LEE'S SUMMIT, MO 64063

Patient: _____

Procedure Day: _____ Date: _____ Dr. _____

Check in time: _____ Procedure time: _____

You will need to be off all anti-reflux medications FOUR (4) days prior to your procedure (Dexilant, Nexium, Prilosec, Prevacid, Protonix, Zegerid, Aciphex, Zantac, and all Over the counter anti-reflux medications) You CAN have Gaviscon and Carafate.

DO NOT HAVE ANYTHING BY MOUTH AFTER MIDNIGHT, including mints, gum and candy.

****If you normally take seizure, heart or blood pressure medication in the morning. You may take it with a tiny sip of water. ****

If your procedure is in the afternoon, you may have clear liquids only until _____ . You must remain fasting after this time.

- 1. Please notify your doctor if you are currently taking a blood thinner, such as Aspirin, Coumadin, Plavix, Pradaxa, Warfarin, Xarelto, or iron supplements. Please get permission from your prescribing physician to stop these four (4) days prior to your procedure.***
- 2. If you are Diabetic, please take only ½ dose of your medication on the prep day and skip this medication on the day of your procedure. Please discuss any further adjustments with your prescribing physician.***
- 3. All aspects of your procedure, including your doctor's reason for ordering the examination, the method used for performing the procedure, possible risks and complications (bleeding, perforations, infection, etc.) and benefits of the examination have been explained to you. You have been given a consent form to sign and it will be placed in your chart.***
- 4. If you cannot keep this appointment, please call the office as soon as possible. Thank you.***
